

DÉJÀ VU - WHAT HAVE YOU COME BACK FOR THIS TIME?

Join us for an experiential class about the journey of the soul, in and out of physical lives. Past-life regression offers us insights and revelations about the journey of our soul. Exploring our past lives can help us gain information to empower our present lifetime.

Just as everything you have done earlier in this life affects the rest of your life, what you have done in your past lives is also influencing you now in this life. Exploring these past lives brings these influences to the surface. Once they are revealed you can understand, and use the positive or release the negative influences.

Based on shamanic guided journey techniques and hypnosis regression therapy techniques, we'll guide you into remembering and receiving gifts of wisdom and healing from your soul's past.

During the presentation, we'll address questions such as:

- *What is Past Life regression and how does it work?*
- *How come we reincarnate time and time again?*
- *What is the difference between memories and past life occurrences?*
- *How and what can we gain from our experiences?*

When: Saturday January 13, 2018

Time: 1 - 5 pm

Location: Harmony Grove, Escondido, CA

Cost: \$50 (\$40 if preregistered by January 6th)

This will be a fun, light and entertaining playshop. There will be an opportunity for you to visit some of your own past lives in a group regression, followed by a group discussion.
